EDUCATION

UNIVERSITY OF WISCONSIN, MADISON B.S. *Expected Graduation: December 2026*

Senior - Computer Science Major

Relevant Coursework: AI/ML • Linear Algebra • Data Structures and Algorithms • Machine Organization • Software Engineering • Mobile Applications • Anthropic: AI Fluency, Framework & Foundations • Udemy: Run Powerful & Autonomous AI Agents Securely

DOUGHERTY VALLEY HIGH SCHOOL *August 2018 – May 2022*

WORK EXPERIENCE

ROCKWELL AUTOMATION, Fortune 500 Company **Milwaukee, WI**

AI Engineering Intern *May 2026 – August 2026*

- Contributed to an AI personal assistant project using OpenClaw, deployed in a virtual machine through NemoClaw, enabling personalized responses based on user experiences and preferences
- Incorporated Hindsight to improve short-term, long-term, and episodic memory while testing token compression techniques (Headroom & Ponytail), resulting in a 17% reduction in token costs.
- Improved data retrieval performance and user workflow efficiency by 45% through implementing server-side pagination.

EXTREME ENGINEERING SOLUTIONS, Inc. (X-ES) **Madison, WI**

Associate Data Engineering Intern (Co-op) *January 2026 – May 2026*

- Engineered end to end ELT pipelines using dbt to transform raw source data into structured, analytics ready models for corporate reporting.
- Designed and implemented scalable star schema architectures, building 35 plus fact and dimension tables to support enterprise business intelligence used by over 50 stakeholders.
- Leveraged SQL logic and Python scripting to automate the calculation of critical corporate KPIs, reducing manual reporting time by 40 percent.

OSHKOSH DEFENSE, Subsidiary of Oshkosh Corp, Fortune 500 Company **Madison, WI**

Digital Technology Intern (Co-op) *February 2024 – September 2024*

- Assisted in a company-wide ERP upgrade using SQL Server Integration Services (SSIS) for data migration and integration
- Utilized Data Access Studios to create 40 real-time reports, queries, and interactive dashboards for various departments such as Finance and Purchasing
- Worked with Oracle JD Edwards EnterpriseOne, managing data extraction, transformation, and loading (ETL) processes to support system upgrades and integration

NEXINFO SOLUTIONS **Remote**

Software Engineering Intern *May 2022 – August 2022*

- Created a web application to perform health checks at regular intervals on the services to ensure continuous operations
- Reduced server downtime through automated recovery scripts, leading to a 20% improvement in service uptime.
- Integrated a robust SMS notification system to report failing or slow services in real-time

PROJECTS

LEAD NLP DEVELOPER & RESEARCH ASSISTANT **Glen Cove, NY**

Dr. Robert Eisinger (University of Chicago), Undergraduate Research Team *May 2025 – September 2025*

- Led the technical execution of a major study on political discourse during the 2024 Presidential Election, engineering a Python pipeline to scrape, clean, and analyze 3,500+ podcast transcripts.
- Leveraged GenAI (GPT-4) and Google Cloud API to extract granular emotional metrics and track 100+ keywords
- Managed a 4-person team through the research lifecycle: from qualitative coding to data synthesis ultimately culminating in a co-authored paper for academic conference presentation.

CLIMATE CHANGE PREDICTION MODEL

- Developed and implemented a linear regression model to forecast ice levels and frozen duration for Lake Mendota, Madison, WI, achieving a prediction accuracy of 87%
- Curated, visualized, and performed in-depth analysis of over 150 years of climate data to identify key trends
- Collaborated with cross-disciplinary teams to integrate additional environmental variables, improving forecast reliability by 15%

SKILLS AND INTERESTS

Skills: HTML/CSS • Python • Java • JavaScript • Docker • Azure DevOps • C# • .NET & Entity Framework • Snowflake • Databricks • C • C++ • SQL • Kotlin • NumPy • Power BI • Git • GitLab • TensorFlow • PyTorch • Matplotlib • Jira • Microsoft Excel • Microsoft PowerPoint • Linux/Unix • Figma • R

Activities: Kids Against Hunger • Rotary Club • Former ΦΚΣ Philanthropy Chair • Sports • Fitness

Interests: Rock Climbing • Hiking • Football • Cooking • Basketball • Reading
